## General Comment

Hello.

I have been asked to comment on the CFPB.

The only way to make it better is to protect the consumer, to assume they do not know anything and protect them. So many services have forgotten they are to help people instead of their own. The greed in this country to keep down the middle and poor by not helping is awful. Our government should be working overtime to help ALL the people, not the rich.

We are not all lawyers who can understand the language money sharks use. This is why we have consumer protection and I am so glad of it. Elizabeth Warren should be overseeing this. I trust her. No GOP appears honest or caring anymore.

What a very sad thing to say but it appears true.
